## *Stepping on the clouds*

One of these days, I'm gonna leave  
One of these days, I'm going home  
I'm gonna take my final journey, I'm gonna rest neath heavens  
fair dome.

Stepping on the clouds we'll see Jesus, rise to meet him in the air,  
stepping on the clouds he will greet us oh the joy together well  
share.

I'm gonna leave this world behind me, going where the devil can  
not find me. I'm going higher, higher, stepping on the clouds

Going past the moon the stars and the planets, I'm gonna walk on  
the milky white way. When old Gabriel gives the signal I'm gonna  
leave for heaven to stay

Stepping on the clouds we'll see Jesus, rise to meet him in the air,  
stepping on the clouds he will greet us oh the joy together well  
share.

I'm gonna leave this world behind me, going where the devil  
cannot find me. I'm going higher, higher, stepping on the clouds

Stepping on the clouds we'll see Jesus, rise to meet him in the air,  
stepping on the clouds he will greet us oh the joy together well  
share.

I'm gonna leave this world behind me, going where the devil  
cannot find me.

I'm going higher, higher, higher, higher

Stepping on the clouds well see Jesus, rise to meet him in the air,  
stepping on the clouds he will greet us oh the joy together well  
share.

I'm gonna leave this world behind me, going where the devil  
cannot find me. I'm going higher, higher, higher stepping on the  
clouds, stepping on the clouds, higher stepping on the clouds

## SCARS IN THE HANDS OF JESUS

My eyes haven't seen nor have my ears heard what my  
Father has in store  
But when I hear the song of the sweet singing birds I'm  
closer than been before  
To that heavenly home built by God alone according to his  
perfect plan  
Where the only thing there that's been made by man  
Are the scars in the hands of Jesus

Yes I'm headed for home, built by God alone, halleluiah  
praise the Lord I am. Where the only thing there that's  
been made by man ,are the scars in the hands of Jesus

When I see a mountain that's covered with snow, that's  
fallen from heaven above, it makes me feel small hardly  
nothing at all to know that I'd be a part of, that mansion  
world, where the gates of pearl are opened by an angel  
band,  
Where the only thing there that been made by man are the  
scars in the hands of Jesus

Yes I'm headed for home, built by God alone, halleluiah  
praise the Lord I am. Where the only thing there that's been  
made by man are the scars in the hands of Jesus

Where the only thing there that's been made by man are the  
scars in the hands of Jesus

## *He's In The Midst of the Storm*

As you travel down life's road  
He is with you every day  
With every step you take  
He's walked ahead of you.  
And every night when you lay down  
Angels are camping all around  
You'll never be alone  
For He is in the midst.

Chorus  
He's in the midst of the storm,  
He's in the valley you walk through  
Where two or three are gathered  
In His name He'll be there too.  
When you feel so all alone  
He is standing next to you. He's with us now.  
Our Lord He's in the midst.

Into the prison they were thrown  
Paul and Silas weren't alone  
They knew that their God was there  
And he would see them through.  
So when the walls began to shake and the chains just fell  
away  
They cried behold our God for he is in the midst.

Chorus

# WHATS IN IT FOR ME

I opened up my bible to see what was inside. It took me by surprise when those pages came alive. It was more than just a story about people long ago. It was a book of grace and glory, and it made me want to know

What in it for me, what's in it for me, Lord. Is it true there is a Savior who died to set free?, what's in it for me ,is he all I'll ever need. I just can't wait to see what's in it for me.

I began to search for answers to question on my heart . It was clear to me that Gods word was the perfect place to start. Was it possible that Jesus would love a sinner such as I ? I'd seen miracles in others but I really needed to find,

What in it for me, what's in it for me, Lord, is it true there is a savior who died to set free, what's in it for me ,is he all I'll ever need I just can't wait to see what's in it for me.

Well I opened up my heart to this God I read about. He filled me with his love that just keeps on pouring out . Gone are days of sadness for happiness abounds, this book is now my treasure for in its pages I found

What in it for me, what's in it for me, Lord, it's true there is a Savior who died to set free, I found what's in it for me and he's all I'll ever need so glad I now can see what's in for me

I found what's in it for me, and he's all I'll ever need. So glad I now can see what's in for me

## *Can The World See Jesus In You*

Are you walking in the footsteps of the one that you call lord,  
Are you living each day by his holy word  
Surrendered completely are you His through and through  
Can the world see Jesus, see Jesus in you?

Chorus

Can the world see Jesus in you?  
Can they see his love in the things that you do  
Are you living the life are you faithful and true  
Can the world see Jesus, see Jesus in you?

If your neighbor has a burden will you carry the load?  
Will you help so poor stranger as you travel life's road  
Will you reach out to someone just to see what you can do?  
Can the world see Jesus, see Jesus in you?

# HIS BLOOD STILL FLOWING TODAY

In this modern day were living, people say its of know use,  
Jesus died so long ago his blood does nothing for me or you,  
But I can tell you of the power of that precious cleansing flow  
for through his blood I have been saved and I have been  
made whole

His blood still flowing today ,that crimson stream still washes  
sin away  
I know for I knelt at Calvary today  
His blood still flowing today

So don't asked me not to talk about what that blood means  
to me, how it touches me from day to day giving me the  
strength I need. For without that blood I know that I'd be lost  
right here this very hour. So for ever I shall proclaim it, that  
blood will never lose its power.

His blood still flowing today,  
That crimson stream still washes sin away  
I know for I knelt at Calvary today  
His blood still flowing today

And it reaches to the highest mountain  
And flows to the lowest valley  
Oh the blood that gives me strength from to day to day  
It will never lose its power  
I know for I knelt at Calvary today  
His blood still flowing today

## SHOUTIN TIME

I will arise and go to Jesus he will embrace in his arms  
In the arms of Christ my Savior though oh there are ten  
thousand charms

Well its shouting time in heaven a sinner once lost is found  
It's shoutin time in heaven salvation has been brought down\  
No wonder the angels rejoice to know my sins have been  
covered by the crimson flow. And now I'm feelin fine  
I'm walking on the highway with my lord, my name is written  
down in the courts above its shoutin time in heaven oh yes  
its shouting time.

Come ye weary heavy laden lost and ruined by the fall, if you  
tarry till your better you will never come at all

Well its shouting time in heaven a sinner once lost is found  
It's shoutin time in heaven salvation has been brought down\  
No wonder the angels rejoice to know my sins have been  
covered by the crimson flow. And now I'm feelin fine  
I'm walking on the highway with my lord, my name's written  
down in the courts above its shoutin time in heaven oh yes  
its shouting time

## WHAT GOD SAYS

God told Abraham to rise and take his little boy,  
To a lonely place they call Mariah hill  
God said there you'll sacrifice you precious pride and joy  
But you'll be bless in way; that I cannot tell  
He said lord I trust your perfectness as you rule from up on  
high  
And though this trial is pressing so this is how I will reply

If this is what god wants  
If this what God says  
Then who am I to doubt or try to figure out the circumstance  
If this is what God chose for me in all his majesty  
Then surely I can trust and lean on what  
God says

Sometimes the storms we face in life are not what we would  
choose, if we had the power to choose them for ourselves.  
We would take the easy road thinking there's no way to lose  
But we would miss the blessings of the fathers will. So we  
must trust his perfectness as he rules from up on high. And  
when those trials are pressing us this is how we should reply

If this is what God wants, If this what God says  
Then who am I to doubt or try to figure out the circumstance  
If this is what God chose for me in all his majesty  
Then surely I can trust and lean on what God says

If this is what God choose for me in all his majesty  
Then surely I can trust and lean on what God says.

## *I God Over My Past*

Satan often will remind me of where I have been  
And he'll tell me all the things I've done  
When I lived a life of sin.  
That's when I tell him of the time and the place  
Calvary's blood washed my soul and took my sin away

Chorus:

I got over my past when I went under the blood  
My sins were washed away beneath that crimson flood.  
By Gods' amazing grace and his redeeming power  
I got over my past, when I went under the blood.

How red blood can touch a black heart, make it white as the  
snow  
I can't explain it, but it happened when Jesus saved my soul.  
It's still the greatest miracle and I still thank my Lord  
My sins were washed away and he remembers them no  
more.

Chorus

I got over my past when I went under the blood  
My sins were washed away beneath that crimson flood.  
By Gods' amazing grace and his redeeming power  
I got over my past, when I went under the blood.
